The United States of America, by and through the United States Attorney for the Eastern District of North Carolina, hereby submits for the record that it has, pursuant to Federal Rule Criminal Procedure 16(a)(1)(G), provided to all defendants, in letter format, Notice of its intent to present at trial during its case in chief the testimony of various experts. The Government has provided the names of certain individuals and a description of the topics they will address. This greater level of specificity is provided in recognition of the fact that the nature of their testimony may require more preparation of the defendants. Out of an abundance of caution, the Government has identified the subject matter of other likely testimony which arguably does not fall

within the scope of Rule 16 (a) (1) (G) such as the technical basis for recordings and translation of certain foreign languages and words. In view of the fact that the trial is still some six months in the future, the Government has also alerted the defendants to the fact that it may need to adjust or supplement this Notice as developments dictate. The Government does so recognizing that any such adjustment or supplement must give the defendants a reasonable opportunity to prepare.

Respectfully submitted this 30th day of April, 2010.
